SUMMARY

Recent Computer Science graduate with hands-on experience in mobile development using Flutter. Proficient in JavaScript, Node.js, and Dart, alongside version control systems like Git. Demonstrates strong testing skills and familiarity with frameworks such as React.js and Flutter. Committed to continuous learning and mastering emerging technologies.

EXPERIENCE

Flutter Developer | SDE-1 2024

Krishiacharya Technologies Pvt. Ltd. - Gurugram

- Worked on modular Warehouse Management App with features for order management, return tracking, and QR code scanning to enhance workflow efficiency. Streamlined order processing and implemented product dumping based on quality checks, significantly improving warehouse operations.
- Contributed to the **Just Fresh** and **Just Retailer** apps by designing and updating UI components, and testing APIs to ensure seamless integration during backend technology transitions. These apps are focused on the fruits and vegetables market.
- Utilized Flutter and Dart to ensure high-performance applications, while collaborating with teams to improve user experience and operational efficiency.

Flutter Developer | Intern Feb 2024 - July 2024

Krishiacharya Technologies Pvt. Ltd. - Gurugram

- As a Flutter developer intern, I specialized in crafting polished UI designs and resolving issues for JustFresh and JustRetailer apps. I also conducted POC and R&D, showcasing my proficiency in app development and problem-solving.

PERSONAL PROJECT

- **ShopMagnet - An online shopping platform** : Using React.js , Node.js , Express.js , MongoDB
- **API Time Tracker-Tracking API response times** : Using Flutter , Dart
- **Portfolio** : Using Flutter , Dart
